

Cindy Woody President

As President, Cindy oversees all aspects of the company's operations. She develops and maintains client relationships with building owners, property managers, leasing agents, real-estate brokers, contractors and tenant end users. Cindy assists clients throughout the entire design process, encompassing conceptual design and space planning to construction management.

Cindy received a Bachelor of Science degree in Interior Design at Radford University in Virginia. She has over nine years of commercial interior design experience including corporate, industrial, medical and retail design.
